Fire Season Open Monday In Tahoe National Forest

Preparations for the opening of the fire season on May 18 are going forward on the Tahoe National Forest with the Truckee Ranger, George Steed, predicing a hazardous summer unless rain storms greatly increase the moisture in the soil.

South slopes are becoming unusually dry and are even now subject to fires if precautions are not taken to prevent them.

The Truckee station will be well equipped this summer to handle emergencies, Steed declared. A helicopter, under contract from Bob Stevenson at Loma Rica airport, piloted by Ed Beaumont, will be stationed here after June 15. The new 'copter is a Bell GB3, with passenger space for two firemen with all their equipment and the pilot. The machine was designed for high altitude service.

Inmates Return

The 32-man inmate crew from Folsom will arrive June 2 to take up quarters at Hobart Mills. This so-called "hot shot" crew last year prevented more than a score of fires in this district from getting out of control and also did considerable work in fire prevention and aided in research activities on the old Donner Ridge burn.

Two patrolmen are now on the district and three more will be added Monday, Steed said, providing a careful watch of fishermen, campers and other potential fire starters in the area. Supplementing the patrolmen will be a 10-man suppression crew with two fire trucks, one a new rig on a one-ton truck with a 120-gallon water tank and a pump capable of throwing a stream of water at the rate of 40 gallons a minute, providing the tanks can be kept supplied.

Lookouts On Stations

Lookouts will be posted shortly with Leslie French back at Verdi Peak, Harold Thornton at Stateline and Fred Scott at Martis. The Martis station will be the communications center with a 24-hour watch maintained and a telephone service installed.

The Truckee headquarters will be under the command of Ranger Steed and Assistant Ranger Charles Lowrie. Nelson Stone is the fire control officer and Henry Toccalini, the fire prevention officer. Art Carroll, the manager of the timber section, will also be available in fire work, Steed explained.

It was pointed out that precipitation in the forest this year is far under normal and this has resulted in too little moisture in the soil, causing the grass and brush to dry quickly and create a dangerous fire hazard.

Parents Warned

Parents are asked to cooperate in curtailing one of the greatest hazards, that of children playing with matches. Children have caused a number of fires in the past and with conditions what they are now the hazard has multiplied.

Rigid enforcement of all restrictions and rules on the handling of fires will be carried on throughout the year, Steed said, and everything possible will be done to prevent major fires.

Fire-Ettes Ball Is Scheduled June 5

The Truckee Fire-ettes will sponsor the fourth annual ball to take place Friday, June 5 at 8 p. m. in the Crystal Bay Club at Crystal Bay, for the benefit of the Truckee Volunteer Fire Department.

NORTH TAHOE BRIEFS...

Telephone LIberty 6-3842

We have just received word that the new mystery story "The Birdcage Murders" by Constance Westbie is on the market. Connie was our neighbor for many years in Danville but now is a resident of Paradise. The setting of the story is in a physio-therapy department of a hospital and was suggested by therapist, Mary Doyle, of whom we have written many times. It is always gratifying to hear of the success of a friend in the writing field as it has taken several years work to bring about the publication of this brainchild. We are anxiously awaiting our copy.

Blake Taylor of San Diego was an Incline Village visitor last week where he met with golf course officials as a consultant from the office of Robert Trent Jones, the designer of the course. Everyone is very busy getting ready for the Harrah's Tournament, June 8, 9 and 10.

Vivian McIntire of Tahoe Vista is home from Washoe Medical Center where she underwent surgery last week. Husband, Harry,and children Harry, Jr. and Cathy were very happy to have her home.

George and Iris Alario of San Jose are back to Tahoe Vista for the summer. Starting work on their coffee shop which will open around the end of the month.

Jim and Genieve Brockelsby of Tahoe Vista welcomed a baby son on Sunday, May 3. The little lad has been named Jerome John and has a brother and two sisters to greet him on arrival home—Gregory, Deborah and Rhonda.

Pete and Bev Sullivan and Billy will leave Tahoe Vista for Sacramento and San Jose where Pete has accepted a new position. The Sullivans have operated the Firelite Motel in Tahoe Vista the past two years and many friends will be sorry to hear of their departure from the area. Good luck, Sullivans.

Gail Scott of Incline Village went to San Francisco over the weekend for an interview with Pam and American Airlines for a position as a stewardess. Gail is the daughter of Jack and Madeline Scott.

The second Rolls Royce has made its home on the North Shore of Lake Tahoe. The first belongs to part-time resident and Reno resident Jim Kelley, ,who has had his the past year. Bill Watson of Incline Village is the new owner of the other Rolls Royce and he is mighty proud of his possession.

After 25 years at Homewood, Don Huff has sold his resort. He is at present managing Hotel Woodland. He will be missed at Lake Tahoe by his many friends and by vacationers. Homewood was developed by Huff into one of the most attractive properties at Lake Tahoe. The new owner is Helen Alrich of Lincoln.

H. "Slim" and Icey LaBorde and daughter Leta are moving into a new Town House at Crystal Shores after living at Kings Beach these past several years.

H. E. and Ann McCoskey of Incline Beach and the Carl Ravazzas of Crystal Shores attended the baseball game in San Francisco last weekend.

Mr. and Mrs. Louis Blodgett and son David have purchased a new Town House at Crystal Shores and will move from Oakland June 1. David has been residing at Crystal Shores these past several months and is most happy to have his parents move to the lake. Blodgett is building the Fairway Pines and will have his own real estate office at Incline Village.

The Soroptimist Club of Lake Tahoe will present "Lilac Time" their annual fashion show and luncheon at the Crystal Bay Club on May 19 at 12:30. Ellen Sklar is president of the organization.

Kenneth Lavery, son of Dick and Ruth Lavery of Agate Bay, and Virginia Miller of San Rafael, have announced their engagement. The Laverys attended the announcement shower for the couple and they plan an early June wedding at San Rafael where they will make their home.

Ken is employed at Roos Atkins in San Francisco and Virginia is with the telephone company. Ken has many friends on the North Shore who will be happy to hear of his coming marriage.

Friends will be sad to learn of the passing of Bert Cockran, former Kings Beach resident. He operated the Log Cabin next to the North Shore Club at one time and owned the property now occupied by Town and Country Variety.. Mr. Cockran died in Reno after a lengthy cancer illness at the Veterans Hospital. At the time of his death he was operating the Carson Hot Springs. Our sympathy to his family.

The Greater North Lake Tahoe Chamber of Commerce meets today (Thursday) at Olympic Village Hotel at Squaw Valley 10 a. m. Gale Farup, sales representative of the Squaw Valley Conference Sales will be the guest speaker.

Notice to voters. Jacquie Black of Incline Village will register voters from 11 a. m. to 4 p. m. Friday, May 15 at the Hales Village Drug Store at Incline Village. In order to register one must be a resident of the State of Nevada for six months, in the county 30 days and in the precinct ten days. Primary registration closes the second week in July. Queenie Roy of Los Angeles is visiting her daughters and their families for a couple of weeks coming in time for Mother's Day. The Don Becks of Tahoe Vista and the Barney Wilens of Kings Beach are enjoying her stay.

The National Multiple Sclerosis Society, Nevada Central Chapter, held a Mother's Day luncheon and art exhibit at the Crystal Bay Club. The chapter covers the State of Nevada and the Lake Tahoe area. Mrs. Barbara Savoy, the Nevada state chairman from Reno was in charge of the day which over 100 attended. Rubin Kulp, district representative from Sacramento was speaker. Mrs. Marion Newcomer was the artist exhibiting her paintings. Gloria Ware, Glenda Ware and Loretta Ware, daughters of Mr. and Mrs. Dewey Ware, of North Highlands and granddaughters of Mrs. Savoy, who are members of the North Highlands Girl Scouts presented the women attending artificial carnation corsages which they had made.

Mrs. Jenny Crum of Reno, the mother of two children, was proclaimed Mother of the Year. All in all it was a lovely party.

Married May 1 at the home of Mr. and Mrs. Richard Killian at Incline Village, were Robert Killian of Crystal Bay and Reno and Valeria Johnstone, formerly of England. They will make their home on the North Shore as Rich-

Future Of This District Rests In Few Hands

The healthy progress of this district during the past several years has reached a critical point, one which will require the knowhow and experience of those who have a deep concern in the area's future to maintain this upward trend.

Plans to incorporate the Truckee-Donner community are apparently going forward, but with or without incorporation, the district will still require steady, capable leadership in county government.

Against odds, which sometimes appeared insurmountable, your incumbent supervisor has time and again proven his undivided interest in our district by fighting for and more often than not obtaining projects without which our progress would have halted.

This forward movement of our district can only continue with experienced representation on the board of supervisors. In seeking your support at the at the election on June 2, I can promise a continuing fight for the full rights of our area. We can either go forward or we go backward. With you rests the decision.

YOU CAN RETAIN FULL REPRESENTATION

ard is employed at the North Shore Club.

Betty Solari and baby son, Dave, of Kings Beach entrained from Truckee to Antioch to visit her parents, Mr. and Mrs. George Royce for a week. While they celebrated Mrs. Royce's birthday on the 9th. The Royces accompanied Betty and little Dave home for several days visit. Father Dave was happy to have his family home after batching.

Donnard and Shirley Olsen and children, Kimberly and Tracie, of Woodland spent the weekend and Mother's Day with his mother, LaZelle Marley, and sister, Sandi Olsen, at Tahoe Vista.

Terry Baker and son, Eddie, of Kings Beach went to Lebanon, Oregon, to visit her mother, Mrs. Amanda Kauffman and her grandchildren at Seattle, Washington for about ten days.

Shaunna Graham has joined the staff of Terry's Beauty Salon coming to Kings Beach from Palm Springs.

Talked to Bustess Hannelore Rippel of San Francisco last weekend. She decided to come to the United States from Germany about two years ago. After working in New York, and various points across the country she finally settled in San Francisco, but comes each week to the North Shore.

Fred Rockholm, formerly of Kings Beach was a visitor to the North Shore over the weekend from Minden, Nevada.

The TPA of the Kings Beach Elementary School will meet Thursday night, May 21, at the school for installation of officers for the coming year. Going into office as president will be Mrs. Margie Cole; vice president, Janice Ruckheim; secretary, Joan Oelrich; and treasurer, Fern Cernusak.

Following the installation, outgoing president Dorothy Beck, states that a colored film on the New York Worlds Fair will be shown. It is especially nice for families and all are invited.

Mr. and Mrs. John M. Williams, and children, Douglas, Daniel, Danise, Dianne, John and Vicki have moved from Torrance to Kings Beach. John Will be assistant manager of the new Safeway now being completed at Kings Beach.

Mildred Matthias has returned to her Carnelian Bay home after spending almost four months in southern California.

Mr. and Mrs. Albert Reginald Long of San Francisco have announced the marriage of their daughter, Constance Claire to James Brendan McCarthy on Saturday, the 25th of April at Santa Cruz.

Connie, as she is better known to her friends, worked at Tahoe two years ago.

Jesse Johnston of Garden Grove was a house guests of Eda Judy over the weekend. Jesse was a former Kings Beach resident and owned De Mar Cottages.

Lil Alterio of Kings Beach and a former Kentuckian enjoyed her mint julips at home while watching Northern Dancer win the Kentucky Derby. If we'd only known she is an avid Derby fan we'd have joined her. There is nothing more dramatic than the moment just before the start of the Derby race when the band plays "My Old Kentucky Home."

Our first Derby was great fun although a number of years ago. The fences weren't what they are today and a little colored boy let us into the infield for something like 50 cents. However, the last time we saw the Derby was about ten years later and we had the satisfaction of enjoying a box, wearing one of the largest orchids in Louisville, and winning every race, thanks to the good judgment of father. Father, although a native Placer Countian, had scads of relatives in Kentucky and his father and grandfather both came from there. So if we sometimes sound like we come from the Hills, we do!

Saturday night Jack and Madeline Scott, Mex and Mae Springer, Jacquie and Ed Black, Audrey Welch, Bern May and Bob and Tally Daneri were joint hosts and hostesses to a farewell party for Jetta Steward who leaves the 20th for the Orient. A buffet supper was served with Paul Adamco and Lorenzo of the Crystal Bay Club preparing the roast.

Among those present were Maren Sedgewich, Eileen Turner, Irene and Donna Kaiser, Jack Dennis, Bill and Pearl Drulias,, Ralph and Janet Yopp, Pearl Sigg, George and Madeline Stevens, Lucille Hiatt, Bethel Van Tassel, Don and Sally Vance, Pete Reading, J. C. and Inez Jordan, William and Mabel Coulter, Bill and Lorraine Van Tassel of Reno, Icey LaBorde, Bill Adams, Gail Scott, Steve Adams and Ora Grafton.

TWO WOMEN HELD IN NEVADA ON CHARGE

Two Crystal Bay women have been ordered to face attempted abortion charges in Washoe District Court.

Following a preliminary hearing, Reno Justice of the Peace William R. Beemer, judged the evidence against the suspects, Mrs. Olga Bond, 46, and Mrs. Evelyn Adams, 42, sufficient to merit district court attention.

The suspects were arrested April 7 by Washoe District Attorney special investigators and Washoe County sheriff's deputies at a Reno motel, where Mrs. Adams allegedly was in the process of attempting an abortion.

HEALTH DEPARTMENT IS IN NEW BUILDING

The Nevada County Health and Building Department have moved to the new Nevada County Government Building on Emigrant Way, just north of Tahoe Forest Hospital, in the Gateway area.

We drove 3,243 miles to make a point about our Super Turbine transmission

You can do it on the way to the grocery store

Would we drive a Buick with a Super Turbine transmission* all the way from Pasadena to New York City just to win Class C in the Mobil Economy Run?

Of course. And just in case anyone failed to get the message, we did it twice again. And won Class D and Class G. In all, Buick entered 4 classes, and won 3—more than any other make of car. (Remember when people used to think Buicks used a lot of gas?) Did we make our point about the Super Turbine transmission? You bet.

Obviously you aren't planning to drive 3,243 miles to prove your new Buick is economical. And you can't expect to get as many miles per gallon as the experts in the Economy Run. Still, it is nice to know you can win the economy run around town. And the good looks prize at the same time. See your Buick dealer about it. No doubt he'll think of a number of other reasons to drive a Buick.

Judge F. W. Wilson
OF TRUCKEE JUDICIAL DISTRICT COURT
SEEKS YOUR SUPPORT AT THE Election June 2

When I first took office in 1951, all the records were turned over to me in cardboard boxes—there was no office—no equipment and no well-defined system of operation. After that time, the cooperation of the Nevada County Supervisors was secured, and they finally made it possible to obtain quarters for the court and equipment to operate in a more efficient manner.

This enabled the setting up of better procedures, and finally established this court as the standard to be followed in Nevada County. Other courts, out of this county, also have adopted some of the progressive methods installed here.

Although the work load of the court has multiplied over the years, I have continued to carry on with no increase in operating personnel.

As you know, our Nevada County Board of Supervisors, led by Chairman Loehr, have established new quarters for all county offices in a fine, new county building at Truckee.

Your vote June 2 will enable me to continue to take part in the progress of this area.

THANK YOU FOR YOUR SUPPORT

GRANTED, that our supervisor has worked for many improvements for our area over the 20 years he has been in office—but how many improvements in recent years?

GRANTED, that our supervisor must study and has complete knowledge of the constantly changing laws pertaining to the administration of his office—but those of us who have conducted our own business have found this a necessity for staying in business over the past several years.

GRANTED, that our supervisor does attend county meetings, which is expected of him, when he is elected—but by his own admission, he does not feel it necessary to attend area or local meetings where local and area problems are being discussed.

GRANTED, that our supervisor is aware of the many projects and promotions for the area wide improvement—but, we seldom find him in attendance where his help and "knowhow" would be of vital importance. This lack of attention on his part has had adverse effect on many foundling projects.

GRANTED, our supervisor was once a "fighter" for our area.

PAUL SCHILLING 5 IS HELD OVER 2 WEEKS

The Paul Schilling 5 originally scheduled to leave the Topaz Room of North Tahoe's Nevada Lodge this week have been held over for another two week stage-stint in the new theater-lounge and dining room.

Scording one of the biggest hits seen at the Lake in many a moon, the versatile four guys and a gal continue to produce explosive evenings of fun on the Topaz Room stage.

Crowd pleasers as individual performers, the five combine to create solid swinging entertainment of almost atomic energy propelled proportions. The group is very strong musically in dynamic three-part harmony — add to this their organized zany antics, and you have the reason why the SRO label is pinned to the lapel of the Topaz Room maitre d'hotel almost every night.

Their antics must be seen to be believed. With Paul Schilling on lead guitar, Jaybird Schilling on fender bass, Dave Geary on rhythm guitar, Buzz Boyk and Ken Newton on violin and doubling on the viola; the group, formerly known as the Sons of the Golden West, swing out with rocking rhythms that shake the rafters with foot-stomping glee.

Mr. and Mrs. Herman Henke, treasurer; Mrs. Peggy Dempsey; Lavina Bates of Tulare, the latter a guest of Mrs. Yvonne Bechdolt.

DONNER DOINGS

By VI WHITE
Phone 587-3866

An in formal no-host dinner was held last week at Manzo's for the Anthony St. Claires who are back in the Donner Lake home after a 12,000 mile auto trip east. Their cat Figaro was their traveling companion the whole way and loved it. Neighbors and friends who attended were Dr. and Mrs. "Bud" Affeldt, the Jack Marquettes, Wes Hadleys, Daven Moreys, Willie Currans, Bill Knapps, Dr and Mrs. Ray Wiser, Mrs. Joe Corro, and the Carson Whites.

* * *

Dr. Doug and Nancy Brodie spent that stormy weekend riding down the Stanislaus River in a big rubber raft with Doug's sister and brother in law, Mr. and Mrs. Bryce Whitmore who conduct trips on many famous rivers in the West.

A thrilling experience for those who know how, but it was a tragic one for a young boy who had lashed himself to a make-shift float that overturned in the rough water. His body was found miles down the river after Bryce and Doug made a hair-raising trip down the rapid with hopes of finding him in time. They made the distance that normally takes half a day, in a dashing half hour.

The group felt like drowned "River Rats" after traveling through rain and sleet, but met at the Dick Holman's in Sonora to thaw out. Mr. and Mrs. George Plummer of Berkeley and Mr. and Mrs. Loren Martin of Orinda also made the trip.

Dick and Jean Walker, former Donner Lake residents, now living in Sonora, met the group at the Holman's.

The next meeting of the Donner Lake Volunteer Fire Department Ladies Auxiliary will be held at Smart's Restaurant, May 21 at 8 p. m. President Charlotte Harris extends an invitation to all Donner Lake ladies to attend the dinner and meeting where plans for the summer activities will be discussed.

Doris Curran who works for the U. S. Forest Service ranger at the Truckee station has been recuperating from a recent operation. She and husband Willie saw the Giants beat the Dodgers at Candelstick Park during the first two games there.

It looks like the school children will be getting their swimming lessons next month, due to the very successful Red Cross Fund drive. If anyone was missed and still wishes to donate, please call Kitty Money, 587-4051.

DAVID FRITSCHE, JR. ELECTED TO HONOR

TAHOE CITY — David Robert Fritschi, Jr. was elected last week to the National Scholastic fraternity Phi Beta Kappa. He will be initiated on May 21 along with 140 other students from the University of California at Berkeley.

Fritschi is a senior graduating in June with a major in architecture and one of the top ranking students in his department. The course which has taken five years has seen his enrolling class of freshmen shrink through scholastic elimination from about 600 students to about 60.

Fritschi attended grammar school in Tahoe City but graduated from Beverly Hills High School He attended Massachusetts Institute of Technology for two years before enrolling at the University of California.

He was out for Crew at both M.I.T. and Cal. and is interested in gliders and sailboats. Another hobby is Classical Automobiles and he has spent many years restoring a 12-cylinder Packard.

He has worked his way through Cal. Last summer he was employed by Bob Gebhart in the erection of the tramway in Squaw Valley and he has designed buildings in this area.

He is the son of D. R. Fritschi of Reno and Tahoe City.

DIVOT DIGGERS

By Georgiana King
(Ponderosa Country Club)

Hi, you golfers!

Dick Paddock who presided at our recent meeting of the Ponderosa Golf Club said we have had five invitations to play on other courses and so far we have accepted those from Grass Valley, Auburn and South Tahoe. Loyd Hoofard also spoke on the recreation program for the children, so save all your old golf equipment.

* * *

A tournament is being held Sunday, the 17th of May at Grass Valley and we hope for a record attendance as the members of our neighboring club have always been most cordial. Set aside the hoes and rakes and call John Waller if you want to attend.

* * *

Please try to get your membership card to the golf club before going Sunday, they will be $5 for each member and may be received from either Charley Fink or Mary Ann Haswell.

The men's handicap cards are $3 apiece and may be gotten from Bob Tonini.

* * *

Oh dear, my barometer is falling and let's keep our fingers crossed that it rains instead of snows from now on so that we can have play on our own course. See you at Grass Valley.

LOEHR PRESENT AT MEETING OF GROUP

H. G. Loehr, who represents Nevada and Sierra Counties on the California-Nevada Interstate Compact Commission, attended a meeting of the bi-state group in Reno Monday. As a member of the Truckee River Committee of the commission, Loehr said he is interested in securing California's full share of water from the river as well as giving complete protection to the fish and wildlife.

There has been a long dispute between the two states over the division of the waters in the Lake Tahoe and Truckee River basin. Loehr recently replaced the late Cecil Edmunds on the board.

SNOW PACK BELOW LAST YEAR'S MARK

BIG BEND — The snow survey last week by the United States Forest Service shows that there is 26.5 inches of water left in the snow pack at the Huysink snow course. The average snow depth is 31 inches of which 23 inches is newly fallen snow. Last year at this time there was 27 inches of water in the snow pack and the snow depth was 61.8 inches.

Snow melt from the 6,600 foot elevation Huysink course flows into a stream tributary to the North Fork of the American river.

The survey was made by Big Bend District Ranger Dick Austin and John De Horn from the Tahoe National Forest supervisor's office.
